

# 2017 eMPower Testing Times

## Math & ELA/Literacy Grades 3-8

### Test Completion Status Check – cheat sheet

#### New 2017 “export test status feature”

STCs can check the status of test completion within the online testing platform. At the top of the Administration page, click Test Sessions. The Test Sessions page displays the list of scheduled test sessions by district, including the school, class, current status of the test session (Not Started, In Progress, or Finished), and date the test session was created. “In Progress” test sessions must be completed on the same day that they were started. Note: The testing status filter is available for scheduled tests only. For more detailed information, please see the *Portal User Guide* online at <http://www.maine.gov/doe/assessment/math-ela/administration/index.html>.
